

How much does a UK AC distribution box cost

Overview

UK AC installation costs in 2026 vary widely, from around £250 for basic portable units to £15,000+ for comprehensive ducted systems. The primary cost factors include the type of AC unit, its size (BTU rating), brand, the complexity of the installation, and prevailing labour. Here is an honest breakdown of current UK market pricing. Running costs: A typical split AC unit consumes 500–1,500W (0. At current UK electricity rates of approximately 30p/kWh, running a single room unit for 6 hours costs roughly £1–£2. Smart scheduling, eco modes. On average, expect to pay between £620 - £890 for a 12000 BTU wall-mounted air conditioner unit (materials only). However, calculating the total cost varies depending on several factors. Split air. When you start looking for a distribution box, you'll quickly realize the price range is wider than a highway. You might find a small plastic unit for the price of a fancy dinner, or an industrial-grade stainless steel beast that costs as much as a compact car. Want to get quotes from local tradespeople?
