

Huawei Switches and Core Switches

Overview

With multiple industry-leading intellectual properties and patents, Huawei provides more than a hundred switch models in more than 10 series, including access, aggregation, and core switching. Huawei's comprehensive portfolio of products and solutions enables you to realize smooth digital transformation and rapid growth of virtualization, Big Data, and cloud services. Huawei switches already help customers achieve success in industries such as finance, Internet, retail, education. After more than 20 years of unremitting efforts and stable development, Huawei provides extensive experience in Ethernet switches. CloudEngine S12700H series switches come in two models, which offer four and eight LPU slots, respectively. Achieve non-blocking switching and zero packet loss in. CloudEngine S6750-H series 10GE switches are Huawei's next-generation enterprise-class switches designed for core and aggregation layers, with 48 × 10GE downlink optical ports and 8 × 100GE uplink optical ports. They feature high performance, high reliability, cloud management, and intelligent O&M.
