

Mobile company purchases fiber optic cables

Overview

and NEW YORK, April 25, 2024 /PRNewswire/ -- T-Mobile (NASDAQ: TMUS), America's 5G leader and fastest growing broadband provider, and EQT, a purpose-driven global investment organization, today announced they have entered into a joint venture (JV) with EQT's. BELLEVUE, Wash. The deal comes with about half a million fiber customers for T-Mobile, and the company plans to build out the network to reach another 3. 5. Fiber internet requires a different infrastructure to deliver such high speeds, such as fiber-optic cables that can offer much higher speeds than cable or satellite-based internet. In October, T-Mobile finalized a deal to team with the investment firm KKR for a takeover of Metronet, a formerly. The Un-carrier will expand its broadband portfolio and offer more consumers a differentiated experience, selling fiber internet services provided by the JV using Metronet's fiber network deployment and management expertise BELLEVUE, Wash., NEW YORK, NY, and EVANSVILLE, Ind.
