

Swiss Miniature Spectrometer Manufacturer

Overview

Spectroswiss is a Swiss technology company developing and producing hardware components and software for Fourier transform mass spectrometry. Founded by distinguished physicists Professors Peter Schurtenberger and Frank Scheffold, LS Instruments emerged from extensive research into soft materials. Recognizing the limitations of existing light scattering methodologies in studying concentrated samples, the founders embarked on a mission to. METTLER TOLEDO is a global manufacturer and marketer of precision instruments for use in laboratory, industrial and food retailing applications. The Company has strong worldwide leadership positions. A significant majority of our instrument sales are in segments in which we are the global leader. The company was formed in 2014 as a spin-out from the Biomolecular Mass Spectrometry Laboratory at Ecole Polytechnique Fédérale de Lausanne in. SpectroCube: a European 6U nanosatellite spectroscopy platform for astrobiology and astrochemistry An integrated broadband spectrometer on thin-film lithium niobate Lippmann waveguide spectrometer with enhanced throughput and bandwidth for space and commercial use Dustcube, a nanosatellite mission. All Ionplus products can be either used as stand-alone instruments or in combination with each other to streamline processes in your ^{14}C or AMS laboratory. Utilizing our in-depth expertise and industry-leading know-how, and equipped with our advanced software and hardware tools, we look forward to supporting you in your most challenging FTMS developments and.

Article Content

TD-NMR Spectrometer | Multinuclear NMR |

Bruker is a manufacturer of a TD-NMR spectrometer that can be used for multinuclear NMR at variable frequencies, between 5MHz and 60MHz

3 Miniature Spectrometers Manufacturers From Around The World

The business directory for miniature spectrometers manufacturers All manufacturers incl. products, news & contact information Find suppliers now!

Ionplus AG | Instruments

All Ionplus products can be either used as stand-alone instruments or in combination with each other to streamline processes in your ^{14}C or AMS laboratory. The

Spectrometer Manufacturers

A Spectrometer is a scientific instrument used to measure and analyze the properties of light over a specific portion of the electromagnetic spectrum. The leading manufacturers of Spectrometers are

How Miniature Spectrometers Work

How Miniature Spectrometers Work Miniature spectrometers discriminate the wavelength based on the position the light hits at the detector array allowing the

Bruker Corporation

State-of-the-art instrument enhances research in structural biology and protein analysis Bruker announces the acceptance of a 1.2 GHz Ascend™

Miniature spectrometer: Catalog Page #12

For miniature spectrometer, please read page 12 of our catalog about Photonics and Micropositioning

Miniature integrated spectrometers towards high-performance and

This design balances high-performance and low-cost manufacturing of an on-chip spectrometer by integrating low-cost solution-processable perovskite materials using a planar

SERVICES

I have always been wondering why instrument manufacturers are not providing «knowledge transfer» as a service to their customers. Spectroswiss does it, and

Miniature Spectrometers

Ultra compact miniature spectrometers and fiber-coupled mini spectrometers for portable applications in the 180 - 1700 nm range

Spectroswiss

Spectroswiss is a Swiss technology company developing and producing hardware components and software for Fourier transform mass spectrometry. The company was formed in 2014 as a

Professional measuring devices + measuring systems

Testo SE & Co. KGaA is the global market leader in the production and distribution of measuring instruments and measuring systems. Info here!

Spectrometers manufacturers from Switzerland ⇒ chemeurope

The business directory for spectrometers manufacturers All manufacturers incl. products, news & contact information Find suppliers now!

Produkte - Mountain Photonics

Alba is the world's first fully integrated Brillouin spectrometer based on on-chip silicon photonics. Alba is a miniaturized device with no additional optical components. This makes it inherently alignment-free

Spectroscopy manufacturers from Switzerland ⇒ chemeurope

ARCOptix is a manufacturer of optical measurement systems. Our most popular products are FTIR spectrometers and liquid crystal systems. We are located in Neuchâtel, Switzerland, along the ARC

Spectroscopy Suppliers | Spectroscopy Europe/World

Hiden Analytical Ltd Hiden Analytical celebrates 40 years of design, development and manufacture of quadrupole mass spectrometers. Our products address a diverse range of applications - precision

Spectrometer Manufacturers

The leading Spectrometer Manufacturers in Switzerland are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, view

Swiss miniature atomic clock: First prototype and ...

Request PDF | Swiss miniature atomic clock: First prototype and preliminary results | The first prototype of an eXtra Small Atomic Resonator (XSAR) was presented by CSEM at the 2009

PerkinElmer | Science with Purpose

Sustainable Procurement Partnering with suppliers to enforce ESG standards, reduce emissions, and address social risks.

Press Releases co-authored by Micos

Micos activities for the development of highly integrated miniaturized spectrometers started back in 2011. A number of development projects with various partners were acquired through ESA and Swiss

Spectroswiss

The company was formed in 2014 as a spin-out from the Biomolecular Mass Spectrometry Laboratory at Ecole Polytechnique Fédérale de Lausanne in Switzerland. The company's headquarters are located

Miniature spectrometers inside mobile phones

Miniature spectrometers inside mobile phones How fresh are vegetables and fruits in the supermarket? Just use a mobile phone containing a miniature spectrometer to control the quality of comestibles. To

Mini Spectrometers Market Analysis, Trends, Forecast 2027

Fluorescent Measurement Environmental Analysis Color Adjustment Global Mini-spectrometers Market, by End-user Laboratories Manufacturing Industries Chemical Industries Others The report offers a
